

HEATHCOTE NATIONAL PARK WALKING TRACK INFORMATION

ENTRY PROHIBITED
Holsworthy Field Firing Range

Heathcote National Park provides a variety of walking tracks for you to explore. Four of the better known tracks are marked on the map with accompanying track information provided here. For safety in these areas it is strongly recommended that you obtain the correct topographic map before setting out.

- 1 Heathcote to Waterfall.** 10.8 km, 5 hours, difficulty: hard. From the end of Oliver Street, Heathcote follow the Goburra Track to the junction of the Pipeline Trail. Head south along the trail which passes Mirang Pool to Battery Causeway. From here Lake Eckersley is worth exploring via a short side track approximately 250 m on the right further along the trail. Immediately after crossing the Battery Causeway the Bullawarring Track begins on the left which winds its way along the side of the valley, past the Goanna Creek intersection to the Mooray Track junction and Kingfisher Pool. The Bullawarring Track continues adjacent to Heathcote Creek then up to the northern end of Warabin Street. Waterfall Station is a short walk from here. Bush camping is limited to Mirang Pool, Lake Eckersley and Kingfisher Pool and permits are required.
- 2 Pipeline Trail.** 9.3 km, 5 hours, difficulty: medium-hard. The asphalt and gravel trail runs the length of Heathcote National Park from Heathcote Road to Woronora Dam Road and is a popular mountain bike trail and walking track. Picnic areas are located along the trail at Mirang Pool, Battery Causeway, Girronba Swamp and Sarahs Knob.
- 3 Mooray Track.** 5 km round trip, 2.5 hours, difficulty: medium. From the northern end of Warabin Street, Waterfall follow the Warabin Street Trail which runs into the 108 Trail. Continue down the 108 Trail for approximately 50 m. The Mooray Track begins here on the right and ends at Heathcote Creek. Return by retracing the route or take the Bullawarring Track to loop back to Waterfall via Kingfisher and Bondel Pools.
- 4 Waterfall to Lake Toolooma.** 1.2 km, 1 hour, difficulty: medium. From the northern end of Warabin Street, Waterfall follow the Warabin Street Trail for approximately 100 m to the Bullawarring Track. Follow this track until the Lake Toolooma Trail junction. The trail heads south with the valley down to the right. A faint track will take you down to Lake Toolooma which is a picturesque and well-hidden dam best viewed from near the dam wall. Return to Waterfall by retracing your route.

ENTRY PROHIBITED
Holsworthy Field Firing Range

WORONORA DAM

ENTRY PROHIBITED
Water Supply Catchment Area

VISITOR CENTRE: Located at Audley in the Royal National Park the visitor centre is the ideal place to begin your exploration of Heathcote National Park. Open 8:30am - 4:30pm, daily (closed Christmas Day). Ph (02) 9542 0648.

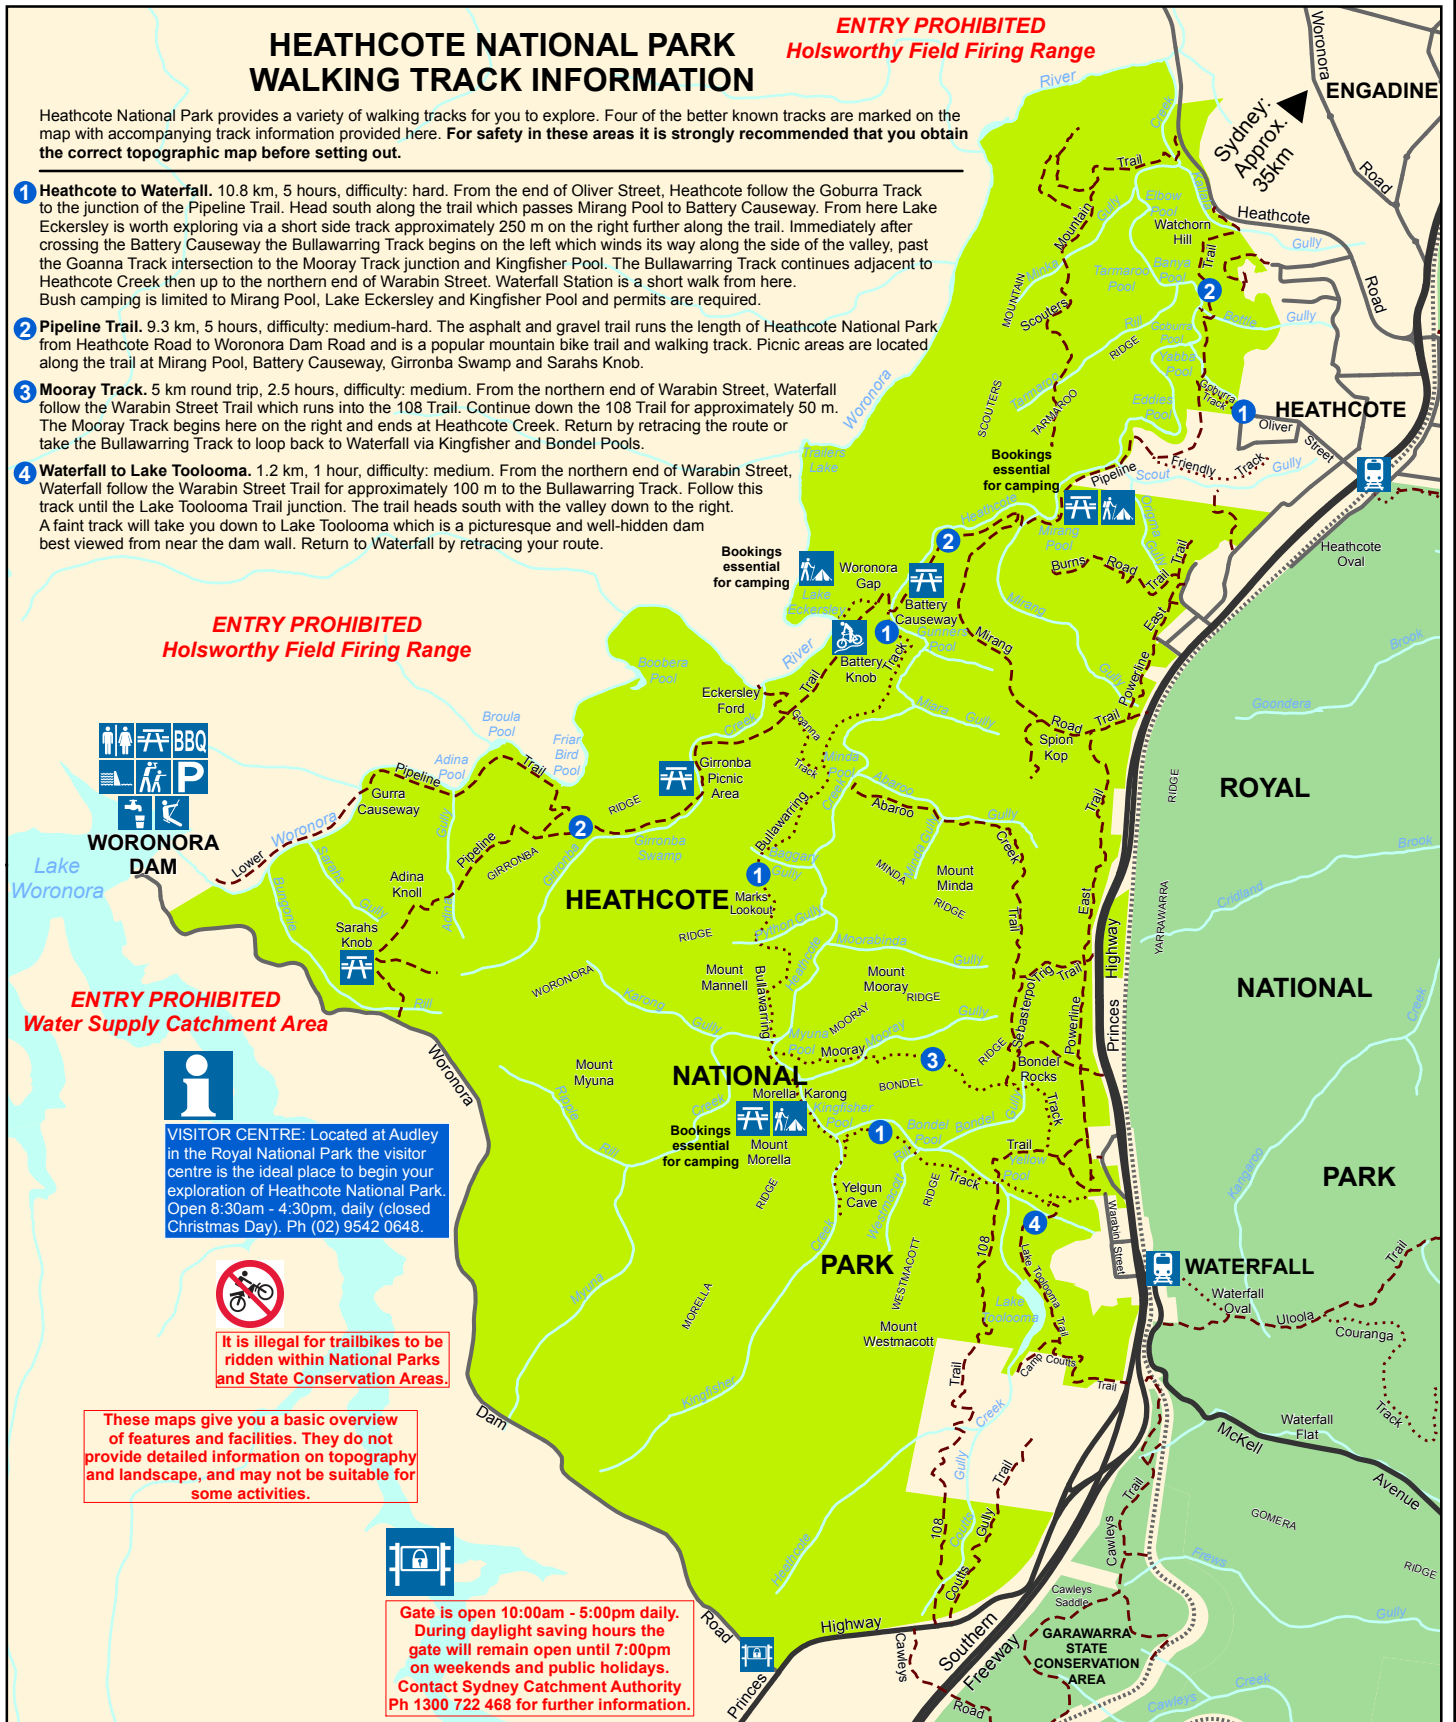

It is illegal for trailbikes to be ridden within National Parks and State Conservation Areas.

These maps give you a basic overview of features and facilities. They do not provide detailed information on topography and landscape, and may not be suitable for some activities.

Gate is open 10:00am - 5:00pm daily. During daylight saving hours the gate will remain open until 7:00pm on weekends and public holidays. Contact Sydney Catchment Authority Ph 1300 722 468 for further information.
